workshops begin in

August

Email: VMHS@NOMV.ORG

CLEAR Blueprint

Informational Sessions

July 15, August 12, & September 12

Email: clear@nomv.org

The Dog: Starring Kate Walsh

Join NOMV and IndeVets at Southwestern Vet Symposium on September 26th for a special screening of a new short film that aims to bring long-needed attention to the veterinarian mental health crisis.

The Dog is a powerful short film that underscores the often-unspoken challenges and mental health struggles faced by those in the veterinary profession. Recognizing the importance of bringing this global issue to light,

The Dog explores the devastating struggles of a veterinarian grappling with the demands and emotional toll of her responsibilities during an especially challenging overnight shift. Grey's Anatomy actor Kate Walsh plays Claire, a vet navigating a persistent inner turmoil that rises to a point where she's contemplating her own existence.

Please join us on September 26th for the screening at the Southern Veterinary Symposium (SWVS)

in Fort Worth, Texas. It is open to all conference attendees at no additional cost.

The screening will be followed by an expert panel discussion with Danielle Baynes, Producer & Director; NOMV President, Dr. Brian Bourquin; Dr. Marisa Brunetti, IndeVets Chief Veterinary Officer; and Dave Shuey, LMSW, DMA, IndeVets Veterinary Social Worker.

[RSVP here](#)

If you are not attending SWVS, organizations in the veterinary field can also request to host private group screenings. [Visit the site to learn more and submit a request for a screening.](#)
