NOMV's Resource Program Supports Hurricane Victims

NOMV responds to Hurricanes Helene and Hurricane Milton providing relief to clinics and veterinary professionals in affected disaster areas. Over the month of October, NOMV's Emergency Grants and Support Grants programs provided resources and financial assistance to 14 veterinary practices and 21 veterinary professionals across Florida, Georgia, North Carolina, and South Carolina.

Veterinary clinics received assistance to stay open or reopen and continue serving their communities in the aftermath of the hurricanes. The Support Grants program helped meet various housing, food, mental health, and transportation needs for individual veterinary professionals in crisis due to the hurricanes.

**Thank you to Cencora, Dechra,
and the various individual donors who made this possible!**
